Océ TDS100

Wide format copier that's always there when you need it

It's a digital age. But you still need copies: from hard-copy originals, inkjet plots or corrected drawings. With the Océ TDS100 wide format copier, you can make all those copies easily and in high quality, whenever you need them. The Océ TDS100 not only reduces costly outsourcing, it also puts you in control of your schedule. And its great design makes it a perfect fit for every working environment. Your friendly wide format copier is always there when you need it!

CAD

'We have to prepare variations of designs quickly and accurately. That's why the Océ TDS100 fits the best.'

Easy for every user

The Océ TDS100 brings easy wide format copying to all your users and applications. It's always instantly ready for use, so you can copy without waiting. Increasing efficiency even more, the Océ 'green button' means one touch operation for copies that are right first time, every time. So there's no need for training, no complex settings, no trial & error, and no wasted copies.

Easy for your workplace

Thanks to its compact, eco-design and attractive styling, you can even place the Océ TDS100 right next to users' desks. Its extremely low noise, heat and odour emissions contribute to a pleasant working environment. Energy consumption is low, so you can leave it on standby for instant use when needed. The closed toner system can easily be refilled without spilling, and even the toner bottle is recyclable.

Easy high-quality results

The Océ TDS100 lets you make clear, long-lasting copies with maximum information content from every original, avoiding misunderstandings and ensuring secure archiving. Originals of all kinds are handled with maximum care, so there's no risk of damage to your valuable drawings. Based on the proven Océ technology, the Océ TDS100 ensures consistently high quality and reliability, even after long periods of operation.

Easy on your budget

Modular design means you can choose the configuration that perfectly matches your needs: sheet feed single- or multi-copy, either tabletop or floor-standing, and automatic feed with 1 or 2 rolls. And you can upgrade cost effectively from sheet to roll feed. The Océ TDS100 is supported by professional services and quality supplies, so performance is guaranteed. That makes it excellent value and a secure investment.

Ease of use

Configurations

Sheet feed single copy (tabletop)

Sheet feed multi copy (tabletop)

Automatic 1 roll feed

Automatic 2 roll feed

Options for tabletop

Stand

Stand with A1 shelves

Beyond the Ordinary

Printing for Professionals

Building a sustainable business has always been one of our core business principles. We do this by developing products and services that add value to the document processes of our customers, while minimizing environmental impact. And we conduct our business activities in a socially responsible manner aimed at preventing health, safety and environmental risks.

Océ Wide Format Printing Systems Partners and Awards

Océ helps the people who make our world. Companies everywhere use Océ technical documentation systems in manufacturing, architecture, engineering and construction. Each week, high speed Océ printing systems produce millions of transaction documents such as bank statements and utility bills. And in offices around the world, people use Océ professional document systems to keep the wheels of business and government turning. Océ is also at work in publishing on demand, newspaper production, document management outsourcing and wide format colour for spectacular display graphics. It all helps our professional customers go 'Beyond the Ordinary' in printing and document management.
